Assessment Aerobics

Join us for an awesome adventure in assessment, a quest for accessible, applicable aids that will appease your pedagogical appetite. Our special guest, Pamela Gunning, will guide us through the evaluation process as it is related to our ESL classrooms.

Get ready for tips on how to tackle evaluation tools for all 3 ESL competencies. Learn how to make ongoing assessment an integrated part of Intensive English teaching and learning.

Writing Rumba

Discover a rich variety of writing situations ready to use in your Intensive English classroom. Pick up a pack of ideas from our creative and dynamic team. Get tons of examples of activities you can do with your students back in class on Monday morning... or Tuesday, if you prefer!
